

Course Change/Deletion

School of Computing Science
July 2008

Current Course Number: CMPT 340

Revision(s):

Course number	Credit	Title X	Description
Prerequisite	Exclusions		Course deletion

	FROM	TO
Long Title	Computers in Biomedicine	Biomedical Computing
Short Title		Biomedical Computing

Rationale: The course focuses on "computing" (algorithms, methods, software,..) and not on "computers" (i.e. the hardware), so the new title better reflects the course material. The term 'biomedical computing' has become the accepted term to refer to this academic area.
